REPAIRING THE FLOUR MILL DAMAGED BY FIRE

Repairing Utah Milling company's plant on Lincoln avenue and Twenty-fourth street, since the fire of Saturday evening, is progressing and it is the opinion of the president and manager, Harold J. Peery, that the mill can be started again within the next few weeks.

The walls which were thrown to the ground by the explosion in the storage department, have been replaced and all the broken windows in the main building have been repaired. Plans are being made for the replacing and repairing of machinery which was badly damaged by fire and water. The greatest damage was to the machines and as yet it has not been possible to determine just what repairs are necessary, nor is it known just how much new machinery must be purchased. The damage in the stock room was not extensive, although quite a large quantity of grain and flour was destroyed.

GEORGE NELSON HERE TO MEET LOCAL WRESTLER

George Nelson, the Salt Lake fireman who is a wrestler of no mean account, is spending a part of the day in Ogden negotiating with Peter Visser, the Ogden fireman, who is a wrestler to be figured with in the light heavyweight class, for a wrestling contest in the near future.

Both Nelson and Visser are husky young men and they are said to be about the fastest wrestlers of their class in the west. Both men are anxious to make good on the mat. Each said today that, if a match is arranged, no quarter will be shown and that the best man will win the contest. The local lad will wrestle at about 155 pounds, while the Salt Lake fireman will be about five pounds heavier. It is expected that the men will meet within the next month or six weeks.

ACADEMY HAS A DAY OF JOLLIFICATION OVER VICTORIES

Following the daily devotional exercises this morning at the Weber academy a holiday was declared by the student body with the sanction of the principal and faculty, to celebrate the victory of the school basketball team over the Ogden high school team last night and the winning of two prizes in two divisions of the Whittall Wrestling contest.

The cash awards of \$10 and \$8 respectively were presented to the essayists amid cheers and handclapping and the jubilee began. A program of extemporaneous speeches, vocal solos, choruses, by members of the faculty and athletic association—including the members of the basketball team—was given by the academy band was carried out, each number being enthusiastically received.

Interpersed with these features of entertainment, two games of basketball and a burlesque three-round boxing contest were staged. In the first basketball game, the faculty team defeated the student body team by the score of 23 to 14, and in the second game the juniors defeated the Sophomores by the score of 7 to 6.

In the boxing contest, the school athletic manager opposed the best freshman class sergeant-at-arms, scoring a knockout (7) in the third round.

While these events were going on, a special committee was appointed by the student body president, to make a trip to town to secure a supply of peanuts and "all-day suckers." They carried out orders and when they returned to the school with the nuts and candy, another demonstration of joy followed, everyone present being given a supply of the goodies.

A recess was called shortly before noon and at 12:30 o'clock a matinee dance was started. This was enjoyed for an hour and, at 2 o'clock, the extemporaneous speaking contest for the Richards-Purinton diamond medal was staged.

The oratorical contest at the Weber academy today was won by LeRoy Leishman of the senior class, by the vote of two of the three judges. The other vote was in favor of Cora Kasius. The judges were Judge J. A. Howell, Alva Scoville and Leroy Eccles and the program was carried out as follows:

The House passed the bill taxing motor vehicles for road purposes.

UNION MEETING WILL BE ONE OF MUCH IMPORTANCE

The monthly priesthood and auxiliary association union meeting of the Ogden stake will be held Sunday at 2:30 p. m. in the Weber academy. RAILROAD MEN ARE TO ATTEND BANQUET SATURDAY

Arrangements were completed today for an elaborate banquet to be given in honor of George O. Brophy, the newly appointed superintendent of the Wyoming division of the Union Pacific, at the Weber club tomorrow night, by fellow officials on the division with whom he has been closely associated for a number of years.

It is probable that prominent officials of the railroads interested in the Ogden terminal and prominent local business men to the number of 100 or more will assemble at the banquet table to express their best wishes to Supt. Brophy and to greet Assistant Supt. S. R. Toucey whose headquarters have been transferred to Ogden. The affair is scheduled to begin at 7 o'clock and among the out-of-town officials expected to be present are:

W. C. Shelver, dispatcher at Evansville; A. N. Jeffers, assistant foreman at Evansville; G. F. Maitland, division engineer, located at Cheyenne; J. W. Highleyman, master mechanic, located at Cheyenne; O. C. Wilkes, roadmaster, located at Evansville, and General Supt. W. A. Whitney of the Oregon Short Line.

READY TO HANG HIMSELF

Tearing a two-inch strip from the blanket on his cot in the padded cell, in the county jail, this afternoon, Hermann Snelder prepared a hangman's knot and was evidently about ready to apply one end to his neck and the other to a water pipe which passes immediately underneath the ceiling of his cell, when Sheriff T. A. DeVine entered. The man would say nothing as to his hanging preparations, but the sheriff is of the opinion that he intended doing the rash act. However, the officer states it is questionable whether the piece of blanket would have been strong enough to have held Snelder's weight.

Snelder labored under the delusion that he is not safe in the padded cell and that somebody is going to kill him unless he can get away. He insists that if the officers will let him out of jail, he will regain his health and will cause no trouble. He is about 40 years old and has been drinking quite heavily of late. He is not known in the community.

DINNER GIVEN AT THE CLUB IN HONOR OF L. M. KNEIPP

A number of prominent local business men were guests at a dinner given in honor of L. M. Kneipp at the Weber club last night. Mr. Kneipp is the new forester of the Ogden district and the dinner was arranged for the purpose of bringing the forest service and business interests of Ogden into close touch.

A splendid menu was served by the Weber club attaches and, after the dinner was concluded, several hours were passed by the assembly in discussing forestry affairs, in connection with the commercial development of this part of the country.

The guest of honor made a brief talk, while the last course of the dinner was being served, saying that he had fostered a desire to locate in Ogden for several years past, and he received his appointment to the local office with much pleasure. He also explained to some extent the work of the forest service and said that Ogden was the center of the most important of the six districts.
